[Take Control of Calendar and Reminders, 4th Edition](#) Nov 17 2021 Manage your schedule more effectively using Calendar and Reminders! Version 4.0, updated September 06, 2022 Learn basic techniques and special tips for keeping yourself on time and on track with Apple's Calendar and Reminders apps.n In the days before personal computers and mobile devices, we had to rely on paper calendars and to-do lists to help us organize our time and activities. Now, we have powerful tools, like Apple's Calendar and Reminders, that are much more responsive to our needs. Put an event on your schedule, invite others to join, or set yourself an alarm (or more than one). Or, keep a list of to-do items, add to it and view it on all your Apple devices, and share your list with family or friends. This book was originally written by veteran Mac journalist and editor Scholle McFarland, and the fourth edition was updated by Glenn Fleishman, with complete coverage of macOS 12 Monterey, macOS 13 Ventura, iOS 15/iPadOS 15, and iOS 16/iPadOS 16. Scholle and Glenn guide you through getting to know these incredibly helpful apps, including lesser-known (but handy) features. For example, did you know that Calendar lets you set an alert that factors in public transportation schedules and time to get to your starting point, so you can leave early enough to catch the train, bus, tram, or ferry you need—and any connections—and arrive at your event on time? Or that Reminders can prompt you to do something not only at a certain time, but also once you've reached a specific destination, like the grocery store? If you've never taken the opportunity to explore Calendar and Reminders, this book will show you how to make them an important part of your daily routine. If you've already been using Calendar and Reminders, you'll learn how to use them more effectively, troubleshoot common problems, and delve deeper into their capabilities. This fully revised fourth edition is now up to date with macOS 13 Ventura, iOS 16/iPadOS 16, and watchOS 9 (as well as covering the previous version of each operating system), and it has been expanded with new topics and additional tips. Learn how to get the best out of Calendar and Reminders, including how to: • Customize Calendar to your liking, from setting time zones, to color coding specific calendars • Create events, making them repeat at regular intervals or on certain dates • Set up notifications and alerts, so you never miss an event • Invite people to events, or share your calendar with them • Create, manage, and share lists in Reminders, including powerful new smart lists • Set alarms in Reminders at a certain time or a certain place • Tag entries for better searching and organizing in Reminders • Use Siri to save time when creating events or reminders • Easily check events and reminders on your Mac, iPhone, iPad, Apple Watch, or HomePod • Troubleshoot common problems in Calendar and Reminders • Share calendars and reminders using iCloud Family Sharing, and assign reminders to a specific person • Sort reminders on your Mac • Print a calendar (to paper or PDF) • Embed video links in Calendar events for quick launching

[The Little Book of Zen](#) Dec 18 2021 A revised edition of the classic little book, which has over 500,000 copies in print. New material and illustrations make the book even more accessible to readers who are interested in mindfulness, in seizing the moment, in staying steady in hard times.

[She Reads Truth](#) Oct 24 2019 She wants faith, hope, and love. She wants help and healing. She wants to hear and be heard, to see and be seen. She wants things set right. She wants to know what is true—not partly true, or sometimes true, or almost true. She wants to see Truth itself, face-to-face. But here, now, these things are all cloudy. Hope is tinged with hurt. Faith is shaded by doubt. Lesser, broken things masquerade as love. How does she find something permanent when the world around her is always changing, when not even she can stay the same? And if she finds it, how does she hold on? She Reads Truth tells the stories of two women who discovered, through very different lives and circumstances, that only God and His Word remain unchanged as the world around them shifted and slipped away. Infused with biblical application and Scripture, this book is not just about two characters in two stories, but about one Hero and one Story. Every image points to the bigger picture—that God and His Word are true. Not because of anything we do, but because of who He is. Not once, not occasionally, but right now and all the time. Sometimes it takes everything moving to notice the thing that doesn't move. Sometimes it takes telling two very different stories to notice how the Truth was exactly the same in both of them. For anyone searching for a solid foundation to cling to, She Reads Truth is a rich and honest Bible-filled journey to finally find permanent in a world that's passing away.
