Mistress in the Making - The Complete Series Aug 26 2022 For Jane Austen fans who always wished her fun and witty books had more heat. The Mistress in the Making historical Regency series features sizzling hot Regency romance: character-driven, feel-good interactions that bring smiles and laugh out loud moments; and a heart warming HEA. I recommend all three of the Mistress in the Making books to anyone who enjoys electric passion, witty humor, and a beautiful love story! Reading Rebel Reviews I did so enjoy reading all three books about the growing love between Thea and Daniel. They were funny and well written and I can't wait to read more of this author's books. Highly recommended reads and definitely keepers! Five-Star UK Reviewer Seductive Silence (Book 1) I Pestered by a persistent stammer, a regency lord with a keen interest in orreries and boxing! but not in talking! must find a way to woo his new mistress without words. Receptively and increasingly poor, Thea's been reduced to sharing her rented room with rodents and arguing over every morsel (the mice usually win). So when a friend suggests Thea consider a scandalous alliance, she cannot help but be intrigued! Lusty Letters (Book 2) I Thea's fascinating new protector has secrets! several. Hesitant to destroy her newfound circumstances, she stifles her longing to know everything about the powerfully built and frustratingly quiet Marquis. But then his naughty notes start to appear, full of humor and wit, and Thea realizes she's about to break the cardinal rule of mistressing: that of falling for her new protector. Egad. Lord Tremayne takes to writing letters to woo his new mistress, little realizing how their fun, flirty exchanges will quickly become the light of his day. Or how wretched he'll feel when the charming Thea suggests they banter in person, possibly pen poetry together. Blazing Balloons! Is she insane? Daring Declarations (Book 3) I An evening at the opera could prove Lord Tremayne's undoing when he and his lovely new paramour cross paths with his sister and brother-in-law. Introducing one's socially unacceptable sturmpet to his stunned family is never done. But Daniel does it anyway. And it might just be the best decision he's ever made, for Thea's quickly become much more than a mistress and it's time he told her so. The sweet and spicy, 117,000 word Mistress in the Making historical romance bundle is a fun, luscious Jane Austen styled, emotionally satisfying tale told in three parts: Seductive Silence, Lusty Letters, and Daring Declarations.
